

FACET GREEN OPEN ACCESS

Supporting researchers within the discipline

We aim to achieve wide dissemination of research and innovation in the scholarly environment. While trying to respond to the needs of researchers in our community on an ongoing basis, we must also balance this with the sustainability of our publishing programme.

We know how important it is for you to upload to your repository directly after publication in order to release ideas about best research/practice as widely as possible. In order to facilitate this Facet supports an author's right to voluntarily self-archive their work without embargo or payment.
