Description

Home-School Learning Resources is a practical guide that will help teachers, parents, home educators and librarians to locate useful, quality-tested websites that offer resources for enhanced curriculum learning and related fun activities for children and young people aged 4-16.

The book allows users to locate resources quickly and easily, with cross references made between subjects and handy tips for further exploration & discovery. It offers the opportunity for a holistic approach to educating children and enhancing their development. The book presents a range of UK resources as well as relevant international ones listed by subject, covering all areas of the UK curriculum as well as general knowledge, interests and leisure time.
